COPYRIGHT, 1912, BY THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

Telegrams, Cablegrams, Night Letters
or Day Letters may be sent from any Bell Telephone to the

Western Union Telegraph Company's Office

It is a very simple matter to send any kind of a telegram by telephone. All you have to do is to go to your telephone and say "Telegram"—the telephone and telegraph operators do the rest. The following information and suggestions are given, however, for the purpose of facilitating the work and securing closer co-operation between the person sending the telegram and the one receiving and recording it.

1. Determine exactly what you wish to say. Writing out the telegram on a slip of paper will help you. Give the telephone number of the party addressed if possible—this facilitates delivery.
2. Signal the telephone operator in the usual way and say "Telegram."
3. Dictate your message to the answering telegraph operator, who will repeat same to you to insure correctness.
4. Telegrams may be sent collect from any Bell Telephone or may be paid for by the sender in the following manner:
   (a) Charges for telegrams from subscribers' telephones will be billed against the telephone subscriber, even though the sender of the telegram may not be the subscriber.
   (b) Charges for telegrams sent from attended public telephones should be collected by the attendant.
   (c) Charges for telegrams sent from attended public telephones in hotels or from hotel rooms, should be collected by the hotel. The Telephone Company, in turn, will bill the hotel.
   (d) Charges for telegrams sent from coin-box public telephones will be collected in the same manner as telephone charges are collected; that is, the telephone operator will advise the amount to be deposited.

TELEPHONE INFORMATION

DIRECTIONS FOR USING THE TELEPHONE

LOCAL TELEPHONE CALLS

Use Latest Directory in ascertaining the telephone number of the person to whom you wish to speak.

Call the operator by lifting the receiver from the hook.

(If the number is not listed in the Directory, ask "Information" for the number, and note it for future reference.)

When the Operator Replies by saying, "Number, please," give your order slowly and distinctly, speaking directly into the transmitter with your lips close to the mouthpiece. First, name the central office desired and then pronounce the number by giving each figure separately. For example: "Douglas 9860" should be pronounced "Douglas nine, eight, six, oh." There is an exception to this rule when the number is an even hundred or an even thousand. For example: 400 should be pronounced "four hundred," and 4000 should be pronounced "four thousand."

When the Operator Repeats, listen carefully and correct her promptly if she has misunderstood the number. If the desired line is found in use, the operator will report "Line Busy." (On calls to party lines, the busy report does not necessarily mean that the particular station called is busy, but that some station on the line is in use.)

If the Number Called Fails to Answer within a reasonable time, the operator will report "They Don't Answer."

When Through Talking, replace the receiver on the hook. Failure to do this will cause your line to be reported out-of-order, and prevent you from receiving incoming calls.

To Attract the Operator's Attention during a connection, move the hook **slowly** up and down five or six times, or until the operator answers. Do not move the hook rapidly as this may prevent the operator from receiving the desired signal.

In Answering a Call answer as promptly as possible, as delay may compel the operator to report "Don't Answer" to the person calling and you may miss an important call.

Do not remove the receiver from the hook until the bell has stopped ringing.

Instead of saying "Hello," give your telephone number or name, as "This is Douglas 9860," or "This is Brown & Company," or "This is Smith & Company, Mr. Jones speaking," etc.

When holding the line never replace the receiver on the hook, as this may give the operator a signal to disconnect.

TWO-NUMBER TOLL CALLS

In Making a Two-Number Call, ascertain the telephone number of the person desired from this Directory or from the "Information Operator," and give the number to your local operator. Wait with the receiver at your ear, until the called number answers or the operator reports. A list of points between which two-number service is in effect is given on another page.

LONG DISTANCE CALLS

To Make a Long Distance Call.—Call the local operator in the regular way and ask for "Long Distance." When the long distance operator answers give her your telephone number and name, followed by the telephone number desired (if known), the city or town and state. If a particular person is desired give the name and initials; also the name of an alternate person with whom you will talk if the particular person desired is not in. If the number of the telephone desired is not known, give the firm name or the name and initials of the person under whose name the telephone is listed, and, if possible, the street address.

Messenger Calls.—If the person desired is not connected by telephone, a messenger will be sent to his address to request him to come to a telephone, provided the party calling guarantees payment for the messenger service. The exact amount disbursed for messenger service will be charged in addition to the Company's tariff rates.

Appointment Calls.—Appointment to talk at a specified time may be made by notifying the long distance operator of the time at which the connection is desired. No extra charge will be made for appointment calls (except for messenger service when such service is involved), but the company cannot guarantee the completion of the connection at the exact time specified.

Collect Calls.—The charges on a long distance call, including messenger charges, if any, may be made against the telephone called, provided the charges are accepted by the party called. Requests to have the charges collected from the telephone called should be made when the call is given to the long distance operator.

Leave Word Calls.—If the person with whom you wish to talk is not immediately reached at the telephone called, word may be left (without charge) to have him call when ready to talk.

Reports.—In case delay is encountered in completing a call, the long distance operator will advise the person calling, at reasonable intervals, regarding the cause of the delay. If a report is desired, call the long distance operator and ask her for the information desired.

Rates and Charges.—Rates for long distance service are based in general upon an initial period of one (1) minute, although in some cases a two (2) or three (3) minute initial period is used. The full rate for the initial period will be charged for all connections not exceeding the initial period. For overtime beyond the initial period, charge will be made by the minute for each additional minute or fractional part thereof. The long distance operator will not interrupt conversation to notify subscribers of the expiration of the initial period.

When a particular person is asked for, every reasonable effort will be made to establish the connection with the person desired. If the person desired is not reached, no charge will be made for the service rendered, except for messenger service, should such service be involved.

When no particular person is asked for at the time the call is given to the long distance operator, charge will be made if connection with the proper telephone is established.

TELEPHONE INFORMATION—Continued

Requests for Charges.—If a patron desires notification of the amount of the charge on his message, he will save time by so advising the operator at the time he gives his call. If the request for such information is not made until the completion of the conversation, unavoidable delay results while the operator obtains the rate and computes the charge.

Supervision by Private Branch Exchange Operators.—The long distance operator is held responsible for the supervision and timing of all messages and for the character of the service furnished. Supervision of connections by Private Branch Exchange operators interferes with satisfactory service, and such operators should not remain "cut in" on the line after the connection has been established.

Report all complaints of long distance service to the "Long Distance Chief Operator."

For information not given above, concerning long distance service call "Long Distance Chief Operator."

COMPLAINTS

The Company appreciates prompt reports of specific instances of unsatisfactory service. Always **telephone** such reports so as to permit of their receiving immediate attention. Ask your operator for "Complaint Department" when it is desired to report telephone out-of-order, or other unsatisfactory service.

NICKELS REFUNDED FROM PREPAYMENT COIN BOX STATIONS

At Prepayment Coin Box Stations nickels will be refunded by the operator on local calls to "Long Distance," to any department of the Telephone Company, and on all calls where the called line is busy or the party does not answer. Failure to refund should be reported to the Chief Operator in order that allowance may be made on the next bill.

EMERGENCY CALLS

In Case of Emergency, calls for medical assistance, fire or police, etc., may be made without charge from any telephone station.

TELEGRAMS AND CABLEGRAMS

Arrangements have been made with the **Western Union Telegraph Company** under which subscribers of this Company may transmit by telephone to Western Union offices telegrams and cablegrams destined to any part of the world, but this Company does not assume any responsibility for failure to transmit, or for errors in transmission or delivery. To expedite the service, a subscriber desiring to transmit a telegram or cablegram, may call "Telegram" and, unless otherwise directed, the operator will connect him with a receiving station of the Western Union Telegraph Company.

The charges for the telegrams and cablegrams so transmitted will be billed to the subscriber.

To facilitate the **delivery** of telegrams, the Western Union Company, when desired, will deliver messages to telephone subscribers by telephone instead of by messenger. The sender of the telegram may indicate that he desires such delivery by omitting the street address and substituting therefor the telephone number of the subscriber addressed.

CONTRACTS FOR TELEPHONE SERVICE

To have telephones installed, changes made in Directory listings, etc., call Kearny 4100 and ask for the "Contract Department."

SEVEN DAYS NOTICE TO MOVE A TELEPHONE

Seven days written notice is required in all cases where the location of a telephone is to be changed.

ADJUSTMENT OF ACCOUNTS

For adjustment of accounts, call Kearny 4100 and ask for "Collection Department."

No rebate of rental allowed until after written notice of 24 hours, as provided in contract.

PUBLISHING OF TELEPHONE NUMBERS

We advise the use of the expression "Telephone Connection" on stationery, wagons, and in advertising, as we may be forced to change your number to meet service requirements.

ATTACHMENTS TO TELEPHONES

Subscribers' contracts provide that no instruments or appliances not authorized by this Company shall be attached to or used in connection with its instruments or lines. Various unauthorized devices, claimed by their agents to eliminate noise, to destroy germs, supplant the telephone directory, etc., are entirely unnecessary and interfere with the service. Subscribers are requested not to permit the use of such devices in connection with their telephones.

IDENTIFICATION OF EMPLOYEES

All employees of the Company whose duties require them to enter the premises of its subscribers for any purpose whatever are supplied with credentials; and any subscriber having the slightest doubt as to the identity or the right of the person representing himself to be an employee of the Company should inspect the credentials.

Subscribers having Automatic Coin Boxes are requested to be present at the time the box is emptied and to verify the contents before signing the certificate.

DIRECTORY ADVERTISING

For information regarding space in this book, call Kearny 4100 and ask for "Advertising Department."

TELEPHONE DIRECTORIES

This Directory is the property of The Pacific Telephone and Telegraph Company for the sole and exclusive use of its patrons, who are requested to maintain it in its original condition, usual wear and tear excepted. The Company assumes no liability because of errors or omissions. All requests for changes must be made to the Company in writing. The lists of subscribers and telephone numbers herein are copyrighted, and all persons are cautioned against reproducing them.

SURRENDER OF OLD DIRECTORIES

Subscribers are requested to surrender their old directories at the time the new book is delivered. New directories will be furnished to meet all service requirements so that there will be no reason for using obsolete books. The old books do not contain many new and changed numbers and their use has a very detrimental effect upon the service.

Courtesy in Telephoning

On each of the telephones located in one of the largest commercial establishments in this country is a card, reading as follows:

"The manner in which a person uses a telephone indicates his character to a great extent, and makes either a good or bad impression. And this impression is reflected directly upon the establishment from which such message comes.

"It is a pleasure to do business with a house which performs *Every Detail* in a clean-cut, satisfactory manner, but it leaves a sting to be answered abruptly or discourteously over the telephone. It is a folly to lose one's temper because one does not get immediate connection. This is rarely ever the fault of the telephone operators, who are nearly always courteous and prompt.

"When one is called to the telephone he should respond *Quickly,* and the person calling should not be left to hold the wire too long—something decidedly irritating and often unnecessary.

"Let us throughout the whole house strive to excel in satisfactory telephoning."

TO SUBSCRIBERS

THERE are at present over 145,000 Pacific Telephone and Telegraph Company telephones in the cities around the bay. Carefully planned rules are required in order to handle properly the collection of this large number of accounts.

One of the rules which has been found necessary is that if the account is not paid during the month for which the bill is rendered, in accordance with the terms of the contract, the Company cannot continue to furnish service. While the Company is anxious not to cause any patron inconvenience, the large number of accounts handled each month makes it impossible to distinguish between those bills which are unintentionally delayed in payment, and others.

We trust our patrons will appreciate our position in this matter and will cooperate with us by making prompt payment.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

ALWAYS GIVE TELEPHONE NUMBERS

WHEN writing to the Company or mailing a check without enclosing the bill, the Telephone Number concerned should be mentioned. This will aid us in giving the matter prompt attention, or in case of payment to give proper credit.

The Value of Telephone Service to the small Shop Keeper

FLORIST

HAIR DRESSING PARLOR

SEVEN HUNDRED THOUSAND telephone calls are made in San Francisco and vicinity each day. A very large proportion of these messages are purchasing orders, or relate to buying or selling. This fact is of vital interest to shopkeepers. It indicates that the telephone system is the great channel through which flows a large part of the City's trade.

Large Shopkeepers are well aware of this fact, and have installed many telephones to serve as inlets for telephone orders. In many cases, telephone trade constitutes a large proportion of their business.

Small Shopkeepers, too, can get telephone trade—providing they have telephones, and give prompt attention to telephone orders. Telephone buying is on the increase, and the shopkeeper without a telephone is left at the post in the race for business.

They will buy your goods if you tell them what you have to sell and do it in the right way.
In what way can you do this and attract their attention as effectively as in the advertising pages of the Telephone Directory?
Have your ever considered how many people see an advertisement in this book?
Do you not think it should have your careful consideration?
